OVERHEAD LIFTING SOLUTIONS BY TIMKEN

## NEW EQUIPMENT

Wazee Crane is the leading overhead bridge crane manufacturer and hoist supplier in the Rocky Mountain region. We have a complete manufacturing facility in Broomfield, Colorado with the capability to fabricate simple to complex overhead cranes including welded plate box girders with spans in excess of 100 feet. We provide the following services and capabilities:

- Design and build in full compliance with CMAA, NEC, OSHA, MSHA and ASME
- Clean and paint steel on all cranes for top quality and appearance
- Offer extensive electrical capability as well as AWS certified welders
- Have complete crane parts and crane service departments
- Employ highly-trained crane service technicians, on call 24 hours a day

Wazee Crane is now a Timken Brand
